

PAYWORKS' 20TH ANNIVERSARY CELEBRATIONS CONTINUE WITH DONATION TO POLAR BEARS INTERNATIONAL

February 27, 2021 – Today is International Polar Bear Day, and as part of our 20th anniversary community support series, Payworks is proud to announce a \$35,000 donation to Polar Bears International.

Polar Bears International is “dedicated to conserving polar bears and their sea ice home.” Their team is comprised of conservationists, scientists and a wide array of dedicated volunteers, and their work is crucial to preserving the environmental health of the Canadian north.

“Since 1994, Polar Bears International has hosted scientists, educators, and special guests in Churchill, MB, the polar bear capital of the world,” says Krista Wright, Executive Director of Polar Bears International. “Based on the need for a base camp and interpretive centre, Polar Bears International opened the PBI House in 2019. With Payworks’ support, PBI House will continue to serve as a place of collaboration, education and community. We are deeply thankful to the entire team at Payworks for their generous support of polar bear conservation and Polar Bears International’s research and outreach efforts. It’s truly an honour to receive this gift to commemorate the company’s 20th anniversary. Collaborations with businesses like Payworks are key to our mission to protect polar bears and the sea ice they depend on.”

“Payworks is very grateful to Polar Bears International for their environmental stewardship, which not only benefits the polar bears but each of us as well,” says JP Perron, Payworks President and CEO. “In the past, people have travelled from all across the world to explore the jewel that is the Canadian north. As an organization that’s headquartered in Manitoba, we believe it’s our duty to help preserve this region. We hope that members of our team will one day be able to visit Churchill, MB to get up close and personal (although not too close!) with the polar bears, along with all the other natural wonders that the Arctic has to offer.”

About Payworks

Doing business to business, person to person.
